NEARLY ME® Intermediate Course on “How to Fit Mastectomy Products”

*Comprehensive 1 day course approved by
BOC & ABC for Advanced Mastectomy Fitters
for Advanced Continuing Education (CPE) credits.*

Who should attend:

• *Anyone who is currently fitting mastectomy products or is a Certified Mastectomy Fitter and requires advanced Continuing Education Credits...*

- *Orthotists/Prosthetists*
- *Home health care fitters*
- *Lingerie boutique fitters*
- *DME fitters*
- *Pharmacy fitters*
- *Hospital fitters*

Why you should attend:

• *Over 95 % of American women are wearing the wrong size and/or style bra. After having breast surgery it is very important for mastectomees to be fit properly with the correct size bra and prosthesis. This course delves deeper into the characteristics of fashion bras and mastectomy bras and how these characteristics can affect the correct sizing and style of bra when choosing these products for your customer. There is in depth discussion of the latest in prostheses, how they relate to the bras and to the latest in surgical techniques including reconstruction and implants.*

Included with the school/workshop:

- *A comprehensive training manual that will include:*
 - *Information on the off standard characteristics of bras*
 - *Surgical examples of limited procedures and how that affects the bra and prosthesis choice*
 - *Bra sizing and prosthesis style charts for aids in fitting*
 - *Features and benefits of NEARLY ME® products*
- *Coffee and water provided throughout the day*
- *Tape measure with other promotional items*
- *Hands on fitting with a model*

We begin promptly at 8:30 a.m. with the following schedule during the day:
