

*Introducing two of the newest
Mastectomy accessories
from Nearly Me Technologies...*

NEARLY ME® **ATTACHABLE NIPPLE PROSTHESES**

New “natural-looking” attachable nipple prostheses for women that prefer a more realistic look.

Nearly Me Technologies is adding the “natural-looking” NEARLY ME® Attachable Nipple Prostheses to the current selection of nipple prostheses. This “natural-looking” nipple is an alternative to the basic style nipple prostheses in order to enhance appearance or protrusion. For women preferring a more realistic nipple or desiring to match a natural breast after surgery, these are the perfect choice.

Available in two styles, basic and “natural-looking,” they can be worn on breast forms, reconstructed breasts, and natural breasts. They will fit any size NEARLY ME® breast form or enhancer.

Features:

- Self-adhering, washable, and reusable. (Cleaning kit sold separately)
- 100% soft, molded silicone.
- Basic style: 1 ½” dia. (small) or 2” dia. (large)
- “Natural-Looking” style: 1 ¾” dia. only
- Available colors: Tan & Soft Sable.

Proudly made in the U.S.A.

NEARLY ME® **HOOK & EYE ROLLS**

When a better fit is needed, extend the bra band with these new hook & eye rolls.

Nearly Me Technologies is introducing the option of even more comfort in most NEARLY ME® bras with these convenient Hook & Eye Rolls. Simply cut the 36” roll for the number of hooks & eyes on each bra where needed instead of keeping multiple individual bra extenders.

Features:

- Can be easily sewn into side seams.
- 3 “eye” rows per strip & separate “hook” strip.
- Available colors: White, Beige, & Black.

Proudly made in the U.S.A.
